Lauris –

During my check-in today with Justin Green and Jennifer Wigal, I suggested to Justin that he might want to check in with you on a couple of items we discussed:

- 1) The letter they know to expect on the LUB GWMA petition. Aside from the content, which I don't think should really be surprising to them at this point (pending further editing, of course), there is now some potential sensitivity for them around the timing given an upcoming (7/16) EQC where a featured topic is the renewal of the NPDES MOA with ODA regarding Ag permitting.
- 2) Desire for clarity in expectations around inspections/field presence by state programs.

I forwarded your contact info to make sure he had it.
